

REMARKS

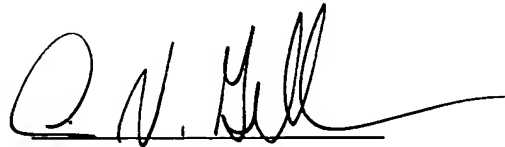

Claims 1-21 were originally filed. By this Preliminary Amendment, claims 1-21 are canceled and new claims 22-35 are added. The amendment is intended to reduce the number of claims, to present the claims in conformity with U.S. practice, and is not made for any reason related to patentability. The amendment is made without prejudice to Applicant's right to prosecute the original claims in a continuation, divisional, or other related application.

Applicants request that the claims, as amended, proceed to examination.
